8. Acknowledgment

The micro-CT Facility of the Department of Palaeontology at the University of Vienna should be acknowledged in any publication resulting from work done in whole or in part using the micro-CT Facility, staff or other resources. The author(s) may choose the wording of the acknowledgement, but we recommend using the following wording, especially for peer-reviewed journal publications:

This work was performed at the micro-CT Facility, which is part of the Department of Palaeontology at the University of Vienna, Austria.

9. General Terms and Conditions

Please read and fully understand the terms and sign accordingly.

1. Micro-CT Facility houses a SkyScan/Bruker 1173 and the respective 3D-software (SkyScan: CTan, CTvol, CTvox; Amira; Drishti, DragonFly).
2. All micro-CT scans are carried out by Dr. C. Pfaff (neither PI nor User are allowed to use the micro-CT scanner).
3. After the introduction into the 3D-software by Dr. C. Pfaff, the Users are allowed to work independently with the software (timescales are depending on the utilization of computers).
4. Micro-CT Facility guarantees a successful scan as long as the material does not prevent it.
5. Micro-CT Facility will provide different data types after scanning (e.g., tiff, bmp, jpg).
6. Micro-CT Facility reserves the right to decline a project when the specimens are not suitable for scanning (e.g., size, material, staining procedure).
7. Micro-CT Facility assumes no liability for any damages of the investigated specimen(s).
8. The data (incl. copyright) will pass into the ownership of the USER after the payment of the scan rates.
9. Raw data of the scan will be saved for one year; after this year only the image stacks (tiff/jpeg data) will be saved.
10. If a scan was negotiated as a cooperation project AND even after three years

the USER submitted no publication, the copyright of the scan expires.

11. All publications based on CT scans of the Micro-CT Facility will be deposited at the Department of Palaeontology.
12. USERS accept ultimate responsibility for the progress and results of their project.
13. USERS certify that he /she has filled out the Application Form and Project Proposal truthfully to the best of his/her knowledge.
14. USERS certify that he/she will under no circumstances schedule time in his / her name for another user (whether other user is qualified or not) or provide other users access to the facility.
15. USERS certify that he/she will follow all applicable University of Vienna policies regarding conduct and research while using the micro-CT Facility.
16. USERS certify to follow all policies of the micro-CT Facility.
17. USERS certify he / she will inform Dr. C. Pfaff when using the micro-CT facility.
18. USERS certify that, where appropriate, acknowledgement will be given to the micro-CT Facility.
19. USERS acknowledge that any work done, or services provided, by the operator and other members of the micro-CT Facility are on a reasonable effort.

I have read and fully understand the General Terms and Conditions.

The facility reserves the right to deny future access to USERS in the event of ignoring the policy.
